RE: Resident Notification of Special Public Meeting

Dear Resident,

The Mt. Oliver Borough Council Parking and Streets Committee is evaluating potential changes to traffic patterns near the school in response to ongoing concerns regarding traffic congestion, vehicle circulation, and safety during school arrival and dismissal times. As part of this discussion, the Committee is considering the following proposed changes:

- Church Ave would become one-way eastbound between Walter Ave and Ottillia Street.
- Anthony Street would become one-way westbound between Walter Ave and Ottillia Street.

No decision has been made at this time. Before considering any action, Borough Council is seeking input from residents and property owners who may be affected by these proposed changes.

A Special Public Meeting has been scheduled for **Monday, August 17th at 6:00 PM** at the Borough Building, 150 Brownsville Road.

Residents are encouraged to attend the hearing to learn more about the proposal, ask questions, and share comments or concerns. Public input will help Borough Council evaluate whether these changes are appropriate and in the best interest of the community.

If you are unable to attend but would like to provide comment, please mail or drop off written comments to the Borough Office or email council@mtoliver.com.

Thank you for taking the time to participate in this important discussion.

Sincerely,

Rick Hopkinson
Borough Manager
